Symbolic of the early history of NSC are the three white columns which stood at the front of the old Bullard Mansion, used from 1856 to 1875 as a convent by the Ladies of The Sacred Heart and donated in 1884 to the State by the people of Natchitoches for the Louisiana State Normal School. The three columns have become a symbol of the traditions of Northwestern, and the POTPOURRI staff honors this tradition by including a representative column in the name of the yearbook and to keynote each division page.

*We were

past*

President Arnold Kilpatrick presented Former Gov. James A. Noe of Monroe a certificate making the Governor an honorary alumnus of Northwestern.

Northwestern's new \$2,000,000 Teacher Education Center was completed during the year and gave NSC a fourth dimension in education. In addition to lectures, observation-participation programs, and student-teaching, the center has introduced a program of experimental learning laboratories for research and development of innovations in teaching and learning. The units encompass nursery-age children through the secondary level, serving not only for research and development, but also as an integral part of the preparation of prospective teachers.

*As we observed the

merged into it. Regardless
of our role in making NSC

alone were the elements
of this time, this space
of our youth.*

By the time the Potpourri went to press, the 1969-70 Demon Gymnastics Team was well on its way to filing another record season for Northwestern.

The NSC gymnasts had already compiled victories over the University of Western Illinois, University of Illinois, and LSU-NO.

Returning to perform on behalf of Northwestern again this year were John Ellas, Paul Tickenoff, Bruce McGartlin, and Max Magdaleno.

Ellas won the individual NAIA and NCAA championship titles last year and was scheduled to defend those titles again this year. Both Ellas and Tickenoff traveled last summer with international gymnastic teams.

Adding to the roster this year were Pat Dial, Baton Rouge; Doug Brown, Boston, Mass.; Bob Quintanales, Chicago, Ill.; and Bill Luciano, New York, N.Y.

This year the Demons were scheduled for a first in gymnastics. It was to be the first time any school tried for both the NAIA and NCAA championships in a single year. If the Demons were successful in the NAIA meet it would be the fifth straight NAIA title for NSC in gymnastics.

Also it would be the first time that Northwestern would be entered in the meet as a team. Before we had sent only one and sometimes two delegates to the meet to represent NSC.

Carla McCain, State Fair Queen

Chosen to reign as State Fair Queen over the annual clash between Northwestern State and Louisiana Tech was Carla McCain, daughter of Mr. and Mrs. H. L. McCain of Natchitoches.

State Fair Court

Each year the State Fair Court is selected in a campus wide election from nominations made by each dormitory. Nine girls are chosen to represent Northwestern in Shreveport at the annual State Fair game against Louisiana Tech.

STATE FAIR COURT—Seated: Chris Lanzilotti, Queen Carla McCain, and Elaine Sanders. Standing: Bonnie Martin, Theresa Lombardino, Margaret Kovar, Sherry Hale, Debbie Gibbs, and Marsha Bella.

Homecoming Queen Carla McCain

Homecoming 1969

The 1969 Homecoming Court was elected by the members of the N Club. Carla McCain, a sophomore primary education major from Natchitoches, was chosen to reign as queen. She and her court backed the Demons in their victorious Homecoming game against the Cowboys of McNeese State.

Homecoming Court—Carla McCain, queen, Cindy Stoma, Melanie Lee, Barbara Gates, Martha Berry, Joanne Lanzillotti, Vickie Hahn, and Lorraine Perkins.

1969 Winter Ball Queen, Janet Churchman

Winter Ball

The Winter Ball is the fall formal which honors those female students who showed attributes of leadership and service to the college. The girls were nominated by members of the Student Union Governing Board and other Student Union committees. The court and queen were then selected by the Student Body in a campus wide election.

WINTER BALL COURT—Cynthia Riser, Lynn Killen, Theresa Lombardino, Norma Oliver, Queen Janet Churchman, Linda Sepulvado, Nelda Durbin, Susan Nickerson, and Linda Henderson.

Lady of the Bracelet, Kathleen Budd

The Lady of the Bracelet

The title of Lady of the Bracelet is the greatest beauty honor that Northwestern can bestow on one of its coeds. Girls are nominated in the dormitories and then enter competition for the title. From five finalists, the Lady of the Bracelet and four runners-up are chosen. NSC's Lady of the Bracelet for 1970 is Kathleen Budd. The runners-up are Bonnie Martin, Carol Almand, Ann Lambert, and Kay McKnight.

Bonnie Martin, 1st Runner-Up

Ann Lambert, 2nd Runner-Up

Kay McKnight, 3rd Runner-Up

Carol Almand, 4th Runner - Up

Mr. NSC

Jerry Masters, a geography major from Florien, was chosen Mr. NSC.

Jerry is active in Reserve Officers Training Corps and on the basketball squad.

After graduation from NSC, Jerry plans to enter the service perhaps as a career.

Miss NSC

Susan Brunfield, a Spanish major from Baton Rouge, was chosen Miss NSC by the student body in a campus-wide election.

Susan is active in Delta Zeta, serving this year as president of her chapter. She was also chosen a member of Who's Who.

On completion of her studies here she plans to teach Spanish on the High School level.

Who's Who Among Students In American Colleges and Universities

Students recognized in Who's Who are nominated from more than 750 colleges and universities. Students are chosen on the basis of scholarship, citizenship, participation, and leadership in academic and extracurricular activities, service, and general promise of future usefulness. College juniors, seniors, and graduate students are eligible for nomination. Nominations are made by the faculty.

DEMON FOOTBALL

A Real Success

Providing perhaps the best individual effort in the history of Northwestern athletics, the Demons this year under Coach Gossett not only measured up to a most difficult task—that of overcoming serious shortages of experienced depth at several positions—but they also jelled quickly as a spirited, battling group that gave team effort constantly.

They were so successful, in fact, that they won undisputed second place in the GSC race when they had been predicted to place dead last.

FLORENCE STATE PUTS DEMONS DOWN 27-3

Mace Morris (81) attempts to break up a Lion pass with Craig Tripp (70) and Greg Clark (67) rushing to his aid.

It looked as if the newspapers and "experts" had been correct in predictions of Northwestern finishing, at best, with a record close to the .500 mark when the Demons jetted to Florence, Ala., to open the season with the Lions and were grommied, 27-3.

The Demons galloped for 250 yards of their eventual league leading rushing total but couldn't move inside the 20 yard lines. Dennis Wilkinson booted the first of six field goals for the only Purple and White score.

The Lions were held to two three-pointers in the first half but opened up for three second half touchdowns to nail down the decision.

GOLDEN EAGLES TAKE CLIPPING FROM NSC

Despite Larry Schreiber's 255 yard rushing effort, Northwestern put together a ball control offense aided by Vic Nyvall's 132 stripes and Mike Pool's 100-for a 35-24 victory over home team Tennessee Tech.

The Demons found themselves down at halftime for the second straight week, this time by a 24-14 count, but blasted for 21 points in the second edition and shot down the Golden Eagles for their first win of the campaign.

The conquest started a three-game Demon win streak and brought the Purple and White home for their first game in Demon Stadium with a victory.

AFTER THE BATTLE, CHIEF CADDO REMAINS

Richard Ware picks up a vital first down against the lumbering "Jacks." Richard led the Demons to a 37-35 victory in that game.

Defensive lineman Randy Tate makes short work of a SFA Lumberjack. Mace Morris (81) moves in to assure the kill.

From left Demons Mace Morris, Mike Burrow, Randy Tate, and especially Walter Edler are thinking about "Our Indian" during this defensive play.

More was at stake than just a football victory when the Stephen F. Austin Lumberjacks invaded Demon Stadium. A seven foot, 400 pound wooden Indian—known as Chief Caddo—was up for grabs as the traditional battle with SFA was renewed.

The result was one of the most crowd pleasing contests in many moons to be fought on the home hunting grounds.

Al Phillips, Vic Nyvall, and Richard Ware all had big nights in the 37-35 squeaker the Demons won.

Phillips caught three passes for 127 yards, including a school record 85-yard reception.

DEMONS START OFF RIGHT IN GSC PLAY

In the GSC opener the Demons knocked over the Northeast Indians 28-10. This was despite the magnificent offensive display put on by Indian Joe Profit.

Small but fiery Quarterback Mike Pool got the Demons off and running with a three-yard touchdown smash in the second quarter and then hit star receiver Al Phillips with a 64 yard scoring bomb in the third period. Mike then directed a pair of fourth quarter scoring marches handing off to fullback Richard Ware for a two-yard TD and to halfback Tommy Wallis for a three-yard dive.

BULLDOGS BITE DEMONS AT STATE FAIR TILT

Vic Nyvall demonstrates fine second effort in an attempt to gain much needed extra stripes.

Richard Ware loves to play football. Watch him hit the line.

They say all good things have to end sometime and for the Demons a three-game winning march was halted at the jammed full State Fair Stadium by Louisiana Tech.

Terry Bradshaw did his thing—passing the pigskin. Bradshaw was good on 13 of 23 tosses for 275 yards and a touchdown.

The Demon rushers performed their bag too, to the tune of 224 yards. Vic Nyvall slashed for 73, reserve quarterback John McClendon blasted for 45 on three carries, and bruising Fullback Richard Ware managed 40.

But even though Bradshaw only put one six-pointer on the boards, he kept the Purple and White defense loose and set up four other scores with accurate passing.

MOM AND DAD PLEASED WITH 48-21 VICTORY

The Demons bounced back from the State Fair game by giving the Jacksonville Gamecocks a 48-21 routing the following week.

The Demons lost no time getting on the scoreboard. On the first play from the line of scrimmage Fullback Richard Ware shot over the right tackle and scampered 73 yards for a touchdown much to the approval of a Mom and Dad's Day crowd.

After this initial surprise the Gamecocks could never quite recover. It was late in the game before the stingy Demon defense allowed the visitors to score.

Richard Ware was presented the Outstanding Player award for his performance in the Mom and Dad's Day game. Mayor Ray Scott of Natchitoches made the presentation.

Wait! Mike Burrow (75), Greg Clark (67), and Mace Morris (81) are in doubt if this Gamecock is legal prey.

DEMONS JAIL COWBOYS TO CAP HOMECOMING

Demon offensive line is ready for action against the McNeese Cowboys. Steve Gaspard (80), Larry Arthur (74), and Gary McCrary (54)

Quarterback Mike Pool scans the field before taking the snap from center.

The Demons and the Cowboys from McNeese provided plenty of action for the 1969 Homecoming crowd. The Pitchforkers posted their second win in GSC play downing the Pokes 29-28. The offenses and defenses of both teams were rather evenly matched; so it was left up to field goal kicker Dennis Wilkinson to put the icing on the victory cake. Dennis booted a 28-yard field goal in the first quarter.

The win kept the Demons hopes alive for a share of the GSC title, giving them a 2-1 conference showing.

Tommy Wallis breaks loose and heads for Cowboy territory.

With 14 minutes left in the game the lead changed hands for the fourth time with McNeese taking it 28-22.

But Mike Pool quickly put together a 73-yard touchdown drive which ended with Richard Ware going over from the one. Wilkensons' PAT was good and the Demon defense took it from there.

DEMONS FIGHT HARD TO DEFEAT USL 33-28

The Demons had already stunned pre-season prognosticators by posting a 5-2 record going into the USL game. But when the determined Demons came away from McNaspy Stadium in Lafayette boasting a 33-28 victory, the silence was deafening.

The final game of the season pictured NSC romping over Southeastern 34-6 and winning their fourth straight game. The win gave the Demons a second place berth in the GSC, whereas they had been picked to occupy the number five position by pre-season polls.

During the game the Demons became the best running team in the history of Northwestern. The 1969 Demons piled up 2,435 yards during the season.

NSC Track And Field 1970

The 1970 track team, guided by Coach John Thompson, was one of the better teams that Northwestern has produced in past years.

There was a lot of returning talent this year to age the Demon tracksters. Muscle men Knute Anderson and Larry Wright returned to the discus and shot put rings respectively to add many points in every meet.

Freshman Richard Lewis also added strength with his pole vaulting abilities. Richard cleared the bar at 14' 6" at the annual Northwestern N Club Track Meet early in February.

Returning cindermen included sprinters Doug Cook, Joey Wilson, LeRoy Sutton, and Larry Kees.

Northwestern's womens basketball squad shot to a 3-0 record to start their season with a bang. The girls toppled Stephen F. Austin 58-48, and then made two successful runs at USL. They whipped Southwestern the first time 52-48 and then set the Cajuns back 95-59.

The outlook was good for the team this year. They received new uniforms and were playing a better schedule than past years. The 16th Annual Houston College Women's Basketball Tournament was just one of the tourneys that they attended. Mrs. Mary Farris serves as coach for the team.

As the largest men's organization at Northwestern, the AMS has the objectives of promoting the general welfare of men students; serving as a means of communication between the men students and the administration, particularly as regards dormitory affairs; and stimulating good citizenship and responsibility among men students. All undergraduate men students are members of the AMS.

Residents of each men's dormitory elect representatives who serve on a council within their dormitory, and who also represent their dormitory in the AMS Legislative Branch. The Legislative Branch deals with male student affairs on a college-wide basis. Off-campus men are represented on the Legislative Branch by male students chosen at large from the off-campus enrollment.

AWS and AMS working together.

The AWS is composed of all women students on campus and is a member of the Inter-collegiate Association of Women Students. Elected representatives from each residence hall serve on the AWS Council through which the women have a voice in their government. Its purpose is to promote the intellectual, social and spiritual welfare of women students; to develop in students a sense of responsibility, cooperation and friendship; and to uphold high social and academic standards among students in college.

The NSC Wind Ensemble in its second year of existence enjoyed a most successful year of musical experiences. The members of this organization dedicate themselves to the highest principle set forth by the College Band Directors National Association—"the College Band . . . a serious and distinctive medium of musical expression . . . of vital service and importance to its members, its institution, and its art."

Director—J. Robert Smith

Demon Marching Band

The 150-member Demon Marching Band is comprised of students from all parts of Louisiana, as well as from many different sections of the United States.

Each student has his own personal interest as evidenced in the diversity of majors being pursued by band members. These majors include business, psychology, mathematics, microbiology, social science, speech, ROTC, nursing, music, and all phases of the education field.

Fifty students are majoring in music.

The 1970 graduating members of the Demon Band included eleven public school band directors, the largest group in any single semester at NSC.

While there is diversity of academic interests among Demon Band members, all have one common desire—to produce top-notch entertainment for football fans during every half-time performance. The group worked together as a well-knit unit to produce exciting, spirited shows for all home games and for many out-of-town contests.

The Demon Band concludes its marching activities for the year by participating in the annual Natchitoches Christmas Festival Parade.

Reserved Officers Training Corps

This year the Reserve Officer Training Corps celebrated its nineteenth birthday on the Northwestern campus. NSC has one of the finest military departments in the South and places emphasis on the development of leadership and military aptitude. Upon completion of the advanced course, the graduate is eligible for a commission as Second Lieutenant in the Regular Army or the Army Reserve.

When the President of the United States appoints a commissioned officer in the United States Army - one knows that he has made the most of his potential - for his country's sake as well as his own.

The cadets participated in almost all of the extracurricular activities which contributed greatly toward making ROTC one of the leading organizations on campus.

It is the purpose of the Interfraternity Council to fulfill four objectives: to promote harmony and a cooperative relationship among the five social fraternities of the campus, to foster and maintain a high respect for fraternity and interfraternity relationships within our college, to maintain high scholastic, moral, social and personal standards, and to compile and enforce rules for the improving of the fraternity system on campus. By pursuing these goals the campus social fraternity members more fully realize the true meaning of Greek life. By working together they achieve a more positive and unified existence.

The purpose of the Northwestern State College Panhellenic Council are four-fold: to promote scholarship, high character, a better understanding of the Greek World, and harmony among the Greek organizations.

A member of the National Panhellenic Conference, the Panhellenic Council serves as the governing body of the five N.S.C. sororities on campus. It sponsors campus projects which include a convocation for Freshman girls and an all-Greek Christmas Carol Sing. Scholarship among the women students at N.S.C. is encouraged by the Council with the presentation of a Freshman Scholarship Award each year.

Alpha Sigma Alpha

In the year Nineteen Hundred One, five college girls at picturesque Longwood College, located in Farmville, Virginia, formed a sorority named Alpha Sigma Alpha. On the Northwestern campus in 1930, Psi Psi chapter was established. Today, the Greek letters ASA grace the doors of sixty chapters in the United States. Each chapter can be identified by its jewels, the pearl and the ruby; by its colors, pearl white and crimson, palm green and gold; and by its flowers, the Aster and the Narcissus. Alpha Sigma Alpha members know the value of sharing common ideals and organized activities with their sisters in a nation-wide sorority.

Throughout the year are many enjoyable and rewarding experiences that draw ASA members into a spirit of sisterhood. This year all the Alpha Sigs recall the Award's Banquet, INSPECTION by Elaine Rahaim, painting the house, Summer Workshop plans made at 4 A.M., State Fair Weekend, Slumber Parties, Phoenix Ball, and many other funtions. The members of ASA strive always to maintain the traditions and standards of Alpha Sigma Alpha while they are reminded always of their motto—Aspire, Seek, Attain.

Colors Old Rose and Vieux Green
Flower Killarney Rose

The distinctive Roman lamp, Killarney Rose and glittering diamond shines before the world as a symbol of love and sisterhood. The oldest social sorority on campus, Delta Zeta seeks to develop all social, cultural and educational aspects of our members' lives.

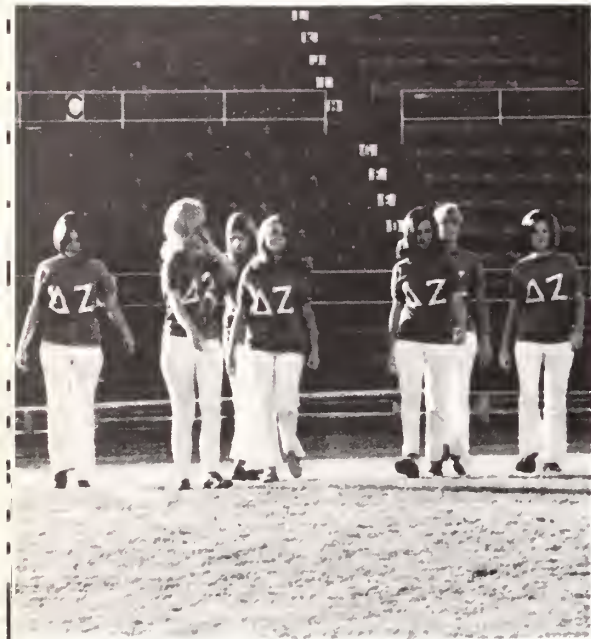

Both the sorority and community are benefited by Delta Zeta's Philanthropies, which include presents to Navajo Indian children, carolling at the Natchitoches Parish Hospital and at the homes of our alumni. Delta Zeta also participates in all phases of college life with members active in Student Government, Purple Jackets, Pom Pon Girls, and Fraternity Sweethearts.

During the year Epsilon Beta had a busy social calendar. A spaghetti party for pledges, a weenie roast, annual slumber party, the pledges' Christmas party, open house for Mom and Dad's Day, a Founders' Day reception, and a Christmas party were highlighted by the spring formal.

Delta Zeta is a sorority which has enriched the lives of its members and brought them closer together through lasting bonds of friendship.

Kappa Alpha Order had its origin at Washington College, Lexington, Virginia, on December 18, 1865, soon after General Robert E. Lee became president of that institution. The Order is the only Greek organization truly representative of Southern ideals and tradition: a society of college men who possess the qualities of a gentlemen as exemplified in the life and character of General Robert E. Lee. General Lee holds a special place in the hearts of the KA's as the Spiritual Founder of Kappa Alpha Order. Gamma Psi Chapter holds the biggest social event of the Northwestern campus, "Old South Weekend." Each spring a week-end is set aside for celebration reminiscent of the Antebellum South. It includes a parade, lawn party, "Sharecropper's Ball," and is climaxed by the "Old South Ball." Other activities include Tech Weekend, The Natchitoches Retarded Children's Christmas party and Easter Egg Hunt, and Convivium (the celebration of General Robert E. Lee's birthday.) The Alumnus Advisor is Mr. Joe T. Lewis, faculty sponsor is George Mullins, and the KA Rose is Miss Sue McAndrews.

Kappa Sigma celebrated its centennial this year. Formerly a secret society at the University of Virginia, the Kappa Sigma Fraternity has expanded throughout the United States to more than one hundred thousand initiates. Brotherhood is the basis of Kappa Sigma, and Theta-Mu held various activities throughout the year to preserve this traditional bond. Kappa Sigma has been in existence only four years here at NSC and has managed to be one of the two Greek organizations on campus to successfully house an off-campus residence. Formerly the Baptist Student Union, the new Kappa Sigma House has been completely remodeled and furnished to house a suitable number of members. This year has been one of work and play for the brothers. Theta-Mu had a successful season in intramurals, was active in campus organizations and partied as usual. The Christmas and Spring Formals, "Roaring 20's", keg parties, and a number of banquets rounded out a constructive as well as social calendar.

Cultural accomplishment, academic achievement, high moral standards, service to those less fortunate, and attainment of an ideal of Nobel Womanhood—these are the principles Phi Mu was founded on. March 4, 1852, on the Wesleyan Campus in Macon, Georgia.

A big aspect of Phi Mu remains evident in the opening lines of the creed—"To lend to those less fortunate a helping hand." Phi Mu's everywhere working and striving for the same goals of helping others, contributing her share of work in projects, such as the Hospital Ship S.S. Hope and a sponsorship of a local girl scout troop. Through this dedication to national services, members receive the reward of inner contentment and satisfaction. The spring Formal, when our man of the year is announced, is the highlight of the spring semester. Through every activity, be it service or social, Phi Mu continues to develop the true bond of sisterhood by working together.

Pi Kappa Phi was founded as a national fraternity in 1904 at the College of Charleston, South Carolina. Being founded in the South, Pi Kappa Phi has a rich heritage of Southern tradition. Pi Kappa Phi emphasizes scholarship and participation in school and community activity, but recognizes the need for some recreation as well. The highlight of Pi Kappa Phi's social gatherings is the annual "Red Rose Ball," at which their sweetheart and her court are presented.

The Brotherhood at NSC was initiated on September 21, 1956, with the word "Brotherhood" as the foundation for all its activities. Along with the highest ideals of Christian manhood, the brothers of Pi Kappa Phi, Beta Omicron Chapter, have reached lofty goals in Academic and Athletic fields. Pi Kappa Phi can best be summed up by the lines "We need water; we need food; and we need something for the spirit." There is nothing better than a touch of refreshment of brotherhood, and there is no better place to find that touch and inspiration than in Pi Kappa Phi.

Friendship, loyalty, sincerity and honesty are the things that hold the members of Sigma Kappa together. To its selected members, the Mystic Bond of Sigma Kappa is a melting pot wherein each girl contributes her best. Each year we build a program centered around the community. Our Philanthropy and Gerontology project has been visiting the Geriatrics Clinic in Natchitoches each week doing special favors for its patients. This past Christmas we had a big party with all the trimmings for all the children in Vets Town. The activities hardly cease with the parties given by the pledges for the actives, our annual slumber party, Barn dance, and Spring Formal.

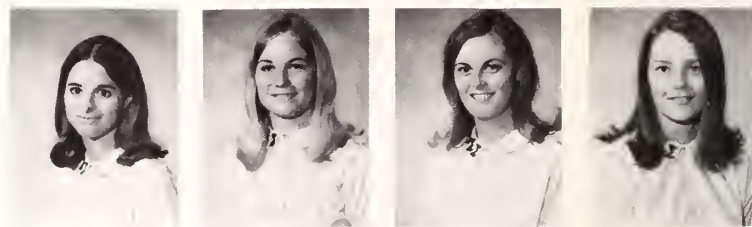

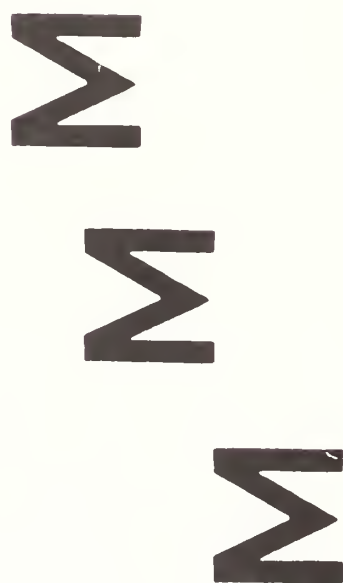

Sigma Kappa not only offers fun for its members, but also an opportunity for the college girl to grow into a responsible young woman who is capable of facing the future with poise and confidence.

On Tuesday, January 10, 1899, Tau Kappa Epsilon was founded. The fraternity was founded at Illinois Wesleyan University, Bloomington, Illinois. Five men met that cold night to form this national fraternity.

The primary symbol of the fraternity is the equilateral triangle representing the first three chapters in TKE. Our colors are cherry and gray, which we got from the Confederacy. Our flower is the Red Carnation. Apollo is our mythological ideal of Tau Kappa Epsilon. Tau Kappa Epsilon is one of the youngest national fraternities in the nation. In recent years, however, it has reached the status of No. 1 chapterwise, in the United States. There are some 282 chapters, including a chapter in Canada.

In our fraternity, and toward other fraternities, we maintain an attitude of dignity and respect, recognizing merits. The TKE motto which is simple, yet complete: "Tau Kappa Epsilon. The Fraternity for Men, the Fraternity for Life."

On February 13, 1968, ten men formed a local fraternity which was chartered as Tri Delta Sigma. In a little over a year, on December 13, 1969, the young brotherhood became a Theta Chi Colony.

Through service and brotherhood, based on a strong social program, the brothers of Theta Chi Colony have become an intricate part of NSC and NSC's fraternity system. Our brothers can be found in all phases of campus life, such as Varsity Cheerleaders, IFC Social Chairman, Student Union President, Junior Class President and many other areas of service and leadership.

Nationally, over the years, Theta Chi has grown in size and stature and is presently in the top ten fraternities. Theta Chi men are known throughout the United States as men of integrity and character with hopes for an everlasting future of Greek growth and brotherhood.

Theta Chi is the first national fraternity, founded 1856 at Norwich, Vermont.

Greek Week

The week most eagerly awaited by the fraternities and sororities at NSC is their annual Greek Week. This year Sigma Tau Gamma accumulated enough points to retain the title of Greek Week "victors" and "Iron Man of NSC"

Greek Week brought all the fraternities and sororities together with hard competition that resulted in fun for everyone.

Do we get to keep him?

That is where we are going to fall.

"Red Baron", George Gray, was first in the mile and the half mile run during the Greek Week track meet.

The Current Sauce is the college newspaper for the students of Northwestern. Continued emphasis has been placed on the Current Sauce as the laboratory for journalism students, and the staff has improved greatly.

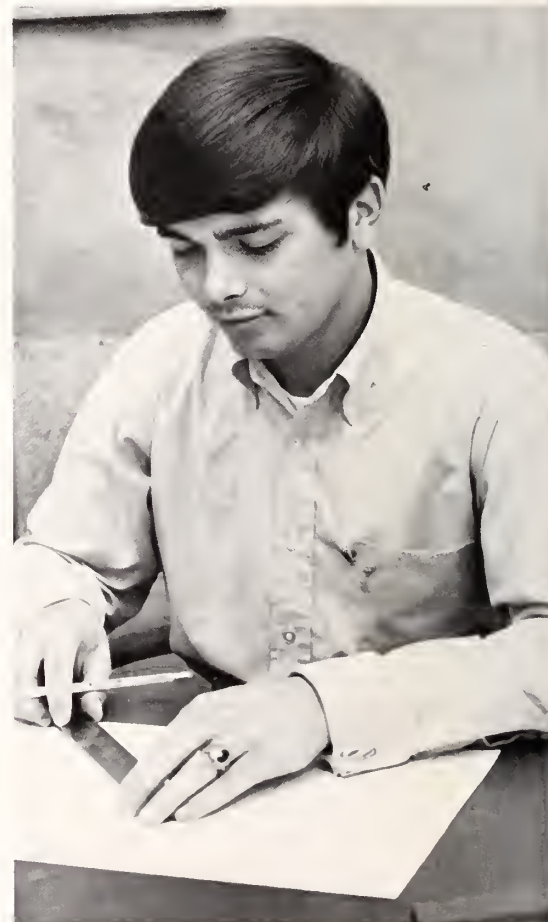

For the first time in its history, which dates back to 1914, the student newspaper was printed on a full-sized sheet rather than tabloid.

In the words of Sir Winston Churchill, "Never have so many owed so much to so few." This yearbook, the one record of NSC 1970 that will never be revised nor outdated, represents long hours and tremendous fortitude expended by POTPOURRI staff members to preserve the struggles and triumphs as well as the everyday routines of the student body.

Let the POTPOURRI 1970 remind you of the days we spent at NSC, for it was here we generated the spirit of youth.

The SLTA of Northwestern State College is an organization for students preparing themselves for a teaching career. The purpose of this association is to promote personal and professional growth and development in students interested in such a career. The 140 members in this organization gain knowledge of the history, organization, ethics, and problems of the teaching profession, while learning the responsibility for taking intelligent, directive, and concerted action to meet the emerging needs of their profession.

Under the able sponsorship of Howard McCollum of the education department, SLTA strives to instill in its members the urge to become dedicated, creative educators.

STUDENT GOVERNMENT

The Student Government Association is the only campus organization which embraces the whole realm of campus life, including the individual student, his organizations, and his day-to-day life. Student Government is basic to the welfare of the student. The SGA, as the basic organization, is invested with the responsibility of speaking for the entire student body; it supervises and coordinates student activities, and it seeks to provide the proper collegiate academic and social medium. Most importantly, it serves as a link between the student and the administration. We have made sincere efforts to accomplish these ends during the past years. In doing so, we hope we have helped both the student and our college.

The Students of Northwestern State College, grateful for the opportunity of living in a free country, and desiring to prove and develop their capacity for self-government, have organized themselves into the Student Government Association. Executive powers are vested in its officers.

President Arnold Kilpatrick

Northwestern's Student Body is proud of its First Family: (from left) Lael, Mrs. Juanita Kilpatrick, Dr. Kilpatrick, and Young.

Dr. Kilpatrick relaxes with Gus, the family pet.

A Strong Column

Northwestern's First Family, President and Mrs. Arnold Kilpatrick and their children Lael and Young, has exemplified the finest traditions of the Three Columns that set the theme for this year's POTPOURRI.

The First Family has generously sacrificed its time, its home, and its energies in guiding Northwestern to be the finest educational institution in Louisiana.

Dr. and Mrs. Kilpatrick and Family—with their leadership, diligent work, and Christian outlook—have established themselves as one of the strongest columns in the history of Northwestern.

The First Family ably leads the other two columns—the faculty-staff and the Student Body—to epitomize the greatness that is Northwestern.

Department of Accounting

Preparing students for careers in accountancy is the goal of the accounting department. Organized July 1, 1967, it is one of the strongest departments on campus with an enrollment averaging between 130 and 180 each semester.

Graduates in accounting meet all requirements to sit for the C.P.A. examination and find promising opportunities in industry, government, and public accounting.

Department of Agriculture

The Department of Agriculture offers Bachelor of Science degree programs in General Agriculture, Agri-Business, Agronomy, and Animal Science. Pre-professional curricula are also available in Pre-Forestry, Pre-Veterinary Medicine, and Pre-Vocational Agriculture.

Facilities of the college farm are used to supplement formal laboratory training in order that students may familiarize themselves with modern farming techniques and animal science developments. The college dairy provides the students an opportunity to participate in the operation of a dairy and dairy products installation.

Department of Art

The art student of Northwestern may earn his B. A. degree and prepare for a professional career or graduate study in either fine or commercial art. Courses have been designed especially for graduate students in the School of Education.

The Art Department encourages more students to choose art as a minor or select from among its many specialized courses as enrichment in the humanities. The role of art in our society can never be over-emphasized, for individual creativity is fundamental in a democracy.

Department of Business Administration

The Business Administration Department is responsible for NSC's largest group of undergraduate majors—over six hundred each semester. In addition to the large undergraduate enrollment, the department offers graduate work and engages in research activities.

Using the most modern and effective methods available, the department strives to prepare students for management careers in business, governmental, institutional, and military organizations. It is this universal applicability which makes programs in Business Administration attractive to so many students.

Department of Business Education and Office Administration

Business and Distributive Education is that segment of education designed to assist prospective teachers of business skills in the acquisition of knowledge essential in the teaching profession. A student completing either program is qualified to serve as a teacher co-ordinator for Cooperative Education of Distributive Practicum programs.

Four areas are included in the degree programs—general professional education, special professional education, technical training, and business background. Office Administration is designed for the student who plans a career at the secretarial or office management level.

It provides an opportunity for students to achieve competency in secretarial skills, to develop an understanding of business and economic principles, concepts, and procedures, and to gain a well-rounded general background.

Department of Educational Psychology and Guidance

This department offers service courses in Educational Psychology to undergraduate and graduate students. It is the intention of the department to offer courses providing understandings in the various aspects of Educational Psychology with emphasis upon learning to undergird teacher education programs as well as for general purposes.

Graduate degree programs at the Master's level are offered in Elementary Counseling, and Guidance, and Student Personnel Services. Graduate degrees are offered at the Specialist level in Elementary and in Secondary Counseling and Guidance.

Department of Elementary Education

The Department of Elementary Education has as its major purpose the preparation of teachers for the public schools. There are three courses of undergraduate majors in the Department: kindergarten, primary, and upper elementary. The Department of Elementary Education is housed in the same building with the Northwestern Elementary School, and students begin working with children very early in their college program.

The philosophy of the Elementary Education Department emphasizes an understanding of children and how they learn. Seven graduate degree programs are offered by the Department, three master's degree programs, three programs at the Specialist level, and the doctorate.

The staff members of the Elementary Education Department are vitally interested in experimenting with new ideas in teaching and learning and each member is actively engaged in research activities.

One of the best-equipped departments of its type in this region, the Department of Microbiology has gained recognition on a national level for its graduate programs. The Microbiology Department offers four different programs for the college student.

The first, Professional Microbiology, is recommended for students who plan to enter graduate school. The second, Clinical Microbiology, is a program for students who plan to study medical technology in hospitals requiring a degree for admission, or to proceed directly to clinical employment.

The third, General Microbiology, is a flexible degree program that can be adapted to special purposes. The fourth and last program is Microbiology-Technology and Management. This is a unique curriculum for future administrators and plant managers in industries such as pharmaceuticals, antibiotics, and food processing.

Department of Military Science

The Military Science Department at Northwestern State College exists to provide those students who elect to serve their country as officers in the United States Army, the training and experience necessary to be commissioned as Army Second Lieutenants upon graduation.

The department offers no degree program but it does present a minor for those students completing the entire four-year course of instruction.

The aim of the Military Science Department, apart from offering the student an opportunity to become an officer, is to provide the army with military art who also possess the well rounded liberal education that can only be obtained at schools such as Northwestern.

Department of Sociology

The Department of Sociology offers an undergraduate curriculum in Sociology and Social Welfare. Dealing primarily with the study of society, social problems, groups, and human relationships, the sociology major prepares for a career in teaching, research, and human relations.

The Social Welfare curriculum offers preparation for careers in the helping professions.

Dealing more with knowledge for the practitioner, classroom and field experiences are provided to enable the student to acquire some basic skills for working directly with people. Leading to the Bachelor of Arts degree, both programs are excellent preparation for graduate study in sociology and social work.

Alma Mater

Oh, Alma Mater here today,
We for thy lasting blessings pray,
We know not where our paths may go,
But, thou'lt uphold us still we know.
Unchanging thou, 'mid changes vast,
Unswerved from ideals of the past
Steadfast and true, our watchword e'er shall be—
To thee, our Alma Mater, Loyalty!

Thy trees their solemn chorus bend
About thee, flowers their censers blend.
Our voices swe'l their murmuring strain,
Our hearts repeat the old refrain,
Thy purpose high to carry on—
Northwestern, thou hast honor won!
Steadfast and true, our watchword e're shall be—
To thee, our Alma Mater, Loyalty!

In after years, when far away
Thy presence strong will near us stay:
And as the echo of our song
Will, with new courage, lead us on;
And to our eager vision then
Each subtle memory meaning lend,
Steadfast and true, our watchword e're shall be—
To thee, our Alma Mater, Loyalty!
